MAN-TRA-CON CORPORATION

Man-Tra-Con Corporation is working with a local employer to fill the following position:

Job Title: Industrial Maintenance Technician (EP-110226-01)
Location: Mt. Vernon, Illinois
Salary: $35.00 per hour, then $2.00 Shift Differential.

Manner Polymers in Mt. Vernon is seeking candidates for an Industrial Maintenance Technician position. Candidate will perform routine activities throughout the facility to maintain production equipment and prevent downtime. Activities include preventive maintenance, daily equipment repairs, following up on work orders, and troubleshooting to identify equipment issues. This position reports to the Plant Engineer. This position is 3rd shift, working 11:00 p.m. to 7:00 a.m., Monday night through Friday night. Full benefits are available.

RESPONSIBILITIES

- Apply technical knowledge to identify and contribute effective solutions to maintenance challenges.
- Perform repairs and maintenance on industrial equipment within a fast-paced manufacturing environment.
- Replace and install mechanical components such as motors, cutting blades, air cylinders, heaters, and blowers.
- Conduct routine maintenance tasks including oil changes, and replacement of filters, fan belts, and related components.
- Troubleshoot and resolve control panels, thermal systems, and electrical components issues.
- Maintain facility infrastructure, including lighting, gates, sprinkler systems, and general building upkeep.
- Accurately document all maintenance activities and repairs using the Computerized Maintenance Management System (CMMS).
- Promote a safe work environment through consistent housekeeping and adherence to safety protocols.
- Collaborate with and provide support to other departments as operational needs arise.
- Perform additional duties and responsibilities as assigned by leadership.

EXPECTATIONS

- Work Standard: Maintain excellent attendance and safety practices, while consistently meeting productivity goals and ensuring the quality of work meets or exceeds company standards.
- Communication: Maintain open communication with supervisors and colleagues about receiving issues, delays, or any concerns.
- Teamwork: Work collaboratively with the team to meet material handling goals and solve problems.
- Adaptability: Maintaining effectiveness in varying environments with different tasks, responsibilities, and people.

REQUIREMENTS
- 5 years of minimum industrial manufacturing experience
- Advanced trades experience. (I.E., Electrical, plumbing, mechanical, etc.)
- Excellent at troubleshooting
- Strong mechanical aptitude and understanding of equipment control systems
- Must have pneumatic experience
- Basic VFD knowledge
- Basic PLC knowledge
- Basic math/computer proficiency
- Vacuum system knowledge
- Ability to rebuild pumps, manifolds, and motors
- HMI basics and comprehension
- Basic welding skills. Tig is a plus
- Liquid and powder transfer procedures
- PVC Compounding systems knowledge
- Extruder knowledge
- Electrical distribution knowledge
- Strong work ethic and positive attitude

PHYSICAL DEMANDS
Candidate must be able to:

- Withstand moderate physical activity (standing, walking, bending, stooping over, reaching, etc.)
- Lift and carry up to 50 lbs.
- Maintain attention and concentration for extended periods of time
- Work overtime

This job description is meant to describe the general nature and level of work being performed; it is not intended to be construed as an exhaustive list of all responsibilities, duties and skills required for the position. Other duties may be assigned, or this job description can be modified or amended at any time.
